**SUBJECT:** PEACH BOTTOM ATOMIC POWER STATION, UNITS 2 AND 3 –  
ACKNOWLEDGEMENT OF DISPUTE OF GREEN FINDING – NRC  
INSPECTION REPORT 05000277/2022004 AND 05000278/2022004

Dear David Rhoades:

I am writing to acknowledge receipt of the Constellation Energy Generation, LLC (CEG) letter dated March 6, 2023, in response to the U.S. Nuclear Regulatory Commission (NRC) Inspection Report 05000277/2022004 and 05000278/2022004 issued on February 2, 2023 (ML23033A333)<sup>1</sup>. The letter (ML23065A158) contested the significance of a Green finding issued to the Peach Bottom Atomic Power Station, Unit 2 in the February 2, 2023 report. NRC staff independent from the inspection are reviewing CEG's response and will provide you a separate letter documenting the basis for any decision relative to the dispute.

In accordance with Title 10 of the *Code of Federal Regulations* 2.390 of the NRC's "Rules of Practice," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room and from the NRC's Agency-wide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

<sup>1</sup> Designation in parentheses refers to an Agency-wide Documents Access and Management System (ADAMS) accession number. Documents referenced in this letter are publicly available using the accession number in ADAMS.

D. Rhoades
